Frequently Asked Questions

What if my daughter has behavioral, physical or emotional needs?

Our goal is to provide a positive experience for all girls—help us ensure your girl's success at camp. If your Girl Scout has medical or other special need/s and can function well with a 1:6 adult -to-camper ration, we encourage you to work with us to identify our most appropriate camp program, you can discuss with the camp director the nature of your camper's needs to determine if our camp can provide the proper support and supervision. Parents/guardians of girls with special needs, disabilities, or mobility issues should contact the camp director lakotacamp@girlscoutsla.org

Can my child bring a buddy to camp?

You may request up to TWO buddies to bunk with during your time at camp. To be bunk buddies, you and your friend must each request each other by name and be within the same grade level and registered for the same session. This request can be made via CampDoc after registration.

Why just two buddies? Our cabins accommodate eight campers, and we want to ensure that everyone has the best camp experience, and everyone is provided an opportunity to live with new friends.

But what if I come alone? Many campers come to camp without a buddy, so don't worry! You'll join a group of campers your own age who are excited about camp. Camp is a great place to make new friends!
